Purpose

This policy defines the guidelines for compensating employees who are required to work on weekends due to client-specific requirements, particularly when a client's Saturday is a working day.

Applicability

- The weekend allowance is applicable **only if the client calendar is mapped on Darwin** and requires employees to work on weekends (Saturday).
- This Policy is effective from 1st January 2025

3. Process & Approval Flow-

- Employees scheduled to work on designated Saturdays must mark their attendance through DarwinBox within the specified time window.
- Support team members must also mark their attendance on DarwinBox, and managerial approval is required for further processing of the allowance.

4. Allowance Amount

- **Employees up to Senior Engineer level**: ₹1,000 per weekend working day.
- **Team Leaders and above**: ₹1,500 per weekend working day.

5. Disbursement

- The weekend allowance will be processed along with the **monthly salary.**

6. Important Notes

- Any exceptions or clarifications should be routed through the **HR and Payroll Team.**
- **Compensatory off** is granted at the **manager's discretion** and is applicable only when an employee has **completed** the full designated **working hours** for the day.
- Support team members will be eligible for the weekend allowance upon obtaining approval from their reporting manager.

**** The Management reserves the right to amend existing policies from time to time or introduce new ones to facilitate a professional work culture in the Company. The same shall be communicated to all employees as and when such amendments are introduced**
